

Deliver Massive Client Savings.

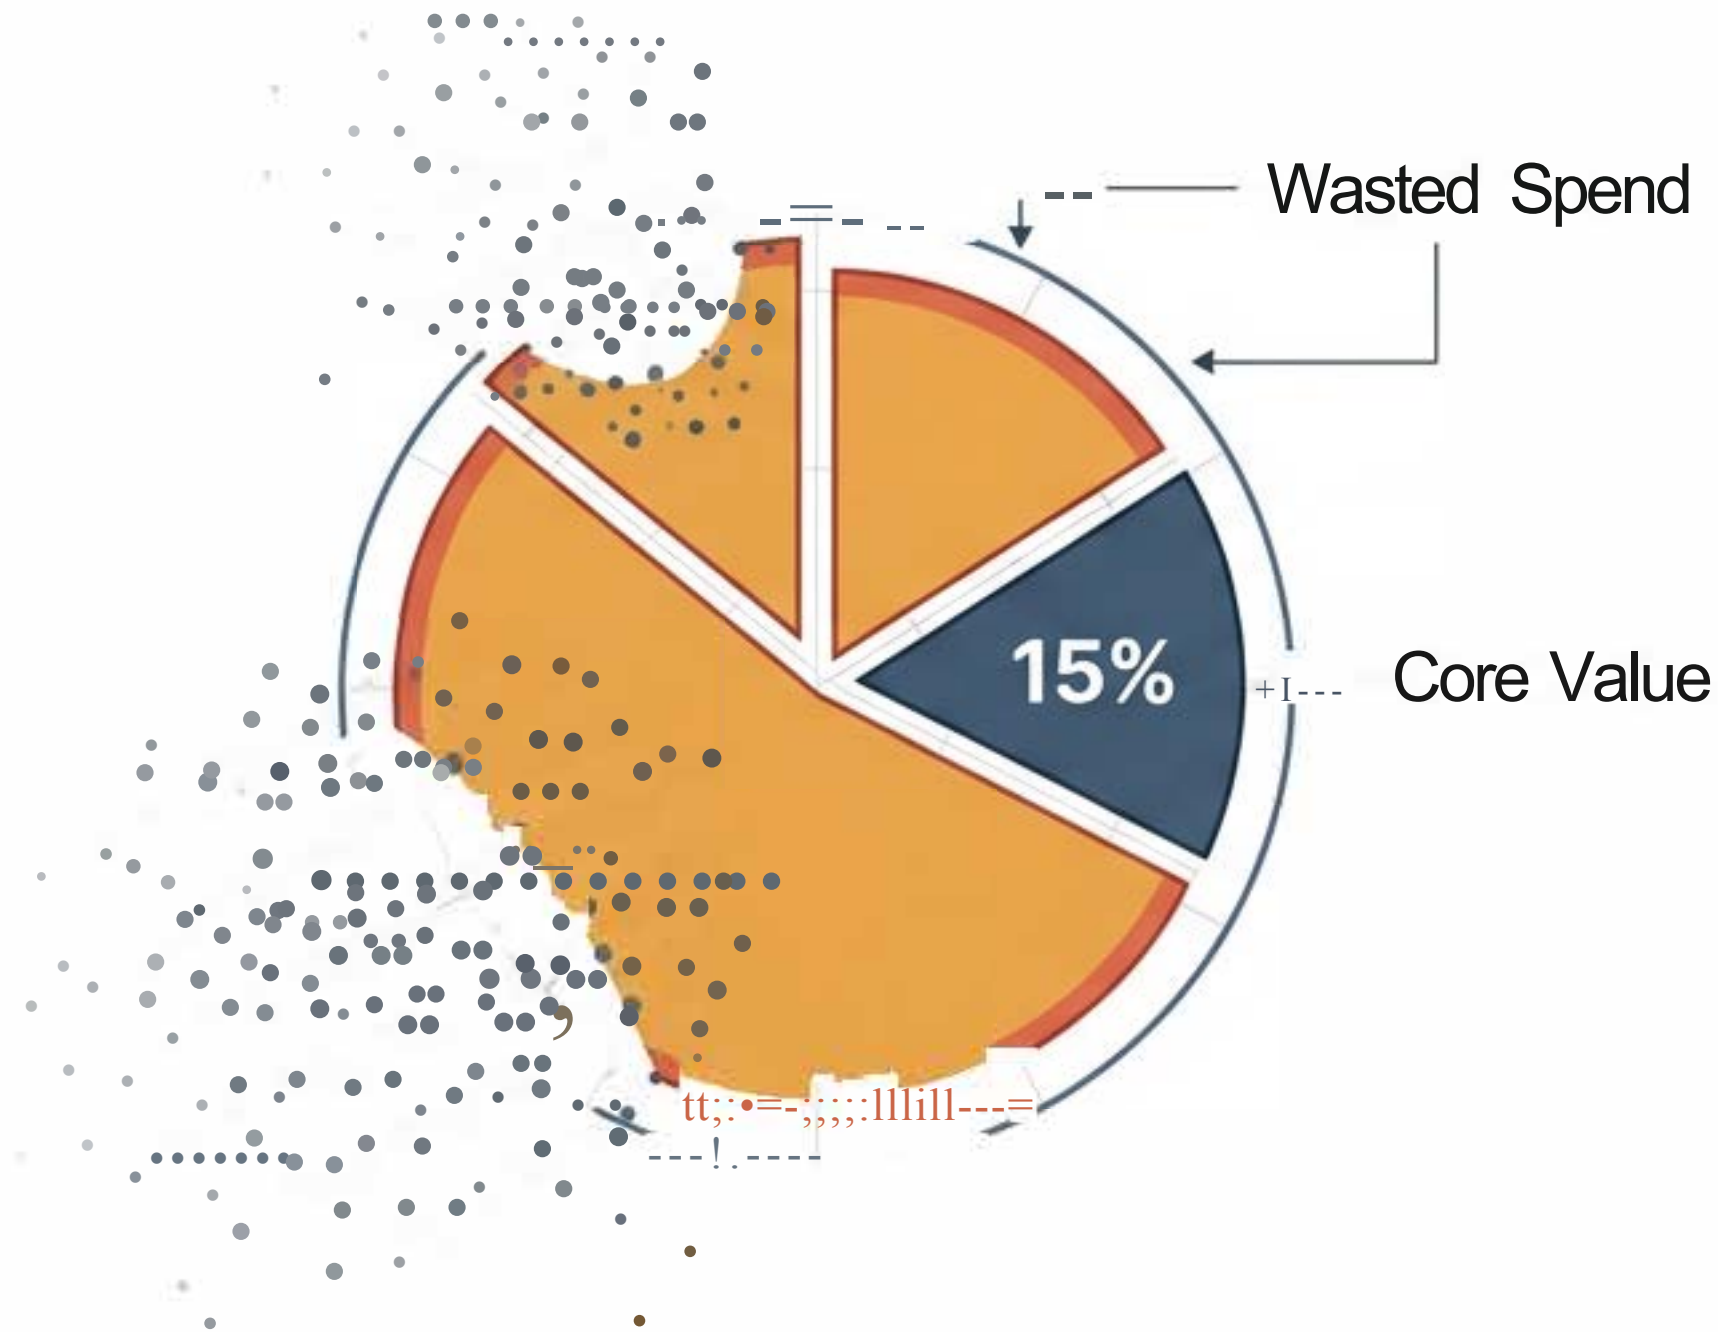

**70-99% Lower Cost
Than Traditional Platforms**

Generate Recurring Revenue.

**Enterprise-Grade
Video Conferencing**

Legacy Video Conferencing Wastes Up to 85% of Client IT Budgets

Businesses overpay for mandatory webinar add-ons.

Storage and recording fees quietly inflate monthly bills.

Forced application installs create external client friction.

Managing downloads generates unnecessary IT overhead and support tickets.

Your clients are already paying too much.

Enterprise Features Without the Enterprise Price Tag

Disruptive India-specific pricing starting from ₹179 - ₹1,522 per month.

- Webinars included in all standard plans.
- Unlimited meeting duration.
- Host up to 250 participants.
- Built-in recording and Smart Summaries.
- Connection tools powered by self-healing technology.
- Enterprise-grade performance.

This creates a definitive value arbitrage opportunity for our partners.
