Introduction

This starter kit is a practical, no-fluff guide designed to help you earn money using small, focused paid webinars on AONMeetings.

You do not need:

- A large audience

This model is ideal for India because it works with:

- Trust-based networks

- Low overhead

AONMeetings is designed for up to 10 participants, which makes it perfect for high-value, paid sessions.

1. What You Can Sell as a Paid Webinar

You can host paid webinars around any skill, knowledge, or experience people are willing to pay for.

Examples that work well in India:

- **Online tuition & exam preparation** (school subjects, college topics, competitive exams)
- **Skill-based workshops** (marketing, design, software tools, communication, AI, productivity)
- **Business & professional sessions** (GST, tax basics, compliance, freelancing, digital marketing)
- **Career & education guidance** (interview prep, resume reviews, career planning)
- **Health & wellness sessions** (yoga, fitness, meditation, nutrition basics)

👉 **Focus on one clear outcome, not a long syllabus.**

2. The Simple Money Model

You do not need hundreds of attendees.

With AONMeetings, the model is simple:

- Choose one topic

- Limit the session to 10 people
- Charge a fair price
- Deliver high value

Example Pricing (India-Friendly)

- ₹499 × 10 participants = ₹4,990
- ₹999 × 10 participants = ₹9,990
- ₹1,499 × 10 participants = ₹14,990

Your platform cost starts at ₹179, giving you very high margins.

You can repeat the same webinar weekly or monthly to create predictable income.

3. How to Fill Your First 10 Seats

You do not need ads to start.

The fastest way to fill your first paid webinar is through people who already trust you.

Proven Methods:

- WhatsApp groups
- Past students or clients
- Colleagues or professional networks
- Personal contacts

Tips:

- Share a clear benefit (what they will learn or solve)
- Limit seats to create urgency
